REPORT OF THE DOINGS OF THE SELECTMEN.

As voted at last Town Meeting, the committee and Selectmen purchased a pumper for the Fire Department.

A Holt 21½-ton tractor, a Warsaw snowplow and 1,000 feet of snow-fence were purchased for the Highway Department.

Necessary alterations were made to the engine-house to accommodate the new pumper and a heating plant was installed.

Our attention was called to the shade trees along the walk from the library to the postoffice. Many of these trees were badly decayed and others were obstructing the growth of young maples set out by Mr. Nichols. It was thought best to cut out the horse chestnut trees and trim up some others.

The fence at the South Cemetery, which the Town voted to paint, was repaired and painted.

The State Road was laid out by the State Engineer, Mr. White, continuing from the top of Silver Lake Hill to the center of Hollis. On recommendation of Mr. White, this road was oiled as part of the construction cost.

Due to the flood, \$3,000 has already been expended to make the main roads and bridges passable. Many of these are not completed and some of the less traveled roads have been closed until repairs can be made. When the final damage caused by the flood has been ascertained, the State has agreed to pay all over one-fifth of one per cent of the total valuation of the Town.

Work was done on the road from Runnells Bridge to the Nashua line, as voted at last Town Meeting. There has been considerable agitation in regard to the construction of a main road from Nashua to Pepperell, Mass., to give a through outlet for traffic traveling from western Massachusetts to New Hampshire and *vice versa*. The natural route for this road would be from Nashua over the Runnells Bridge road to Pepperell. The State Engineers have been over this road, but nothing definite has been decided upon as yet.

The Road Commissioners wish to thank the people who gave of their labor and materials to help improve the roads.

TOWN WARRANT.

To the Inhabitants of the Town of Hollis, in the County of Hillsborough, in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at the Town Hall in said Hollis on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To elect delegates and alternates to the Republican and Democratic National Conventions.
4. To hear the report of the Selectmen and other Town Officers and committees.
5. To appropriate money for the Town Library.
6. To appropriate money for Memorial Day.
7. To see if the Town will vote to appropriate money for highways as required by law to procure State Aid.
8. To see if the Town will vote to make the road from Hardy's to Verder's corner an Improved Highway and raise and appropriate money for the same, or take any action in regard to the same.

9. To see if the Town will vote to close the road leading from the Pepperell Road at Butterfield's Hill to corner near Bert Brown's.

10. To see if the Town will vote to close the road from near Arthur Etheridge's place over Cassidy Hill to the Cassidy place, so called.

11. To see if the Town will vote to raise and appropriate money to build a tool shed.

12. To see if Town will vote to instruct Treasurer, under order of Selectmen, to borrow money in anticipation of taxes.

13. To transact any other necessary or proper business.

Given under our hands and seal, this sixteenth day of February, in the year of our Lord nineteen hundred and twenty-eight.

HENRY A. WILSON,
MILTON D. WRIGHT,
HARRY H. BELL,

Selectmen of Hollis.

A true copy of Warrant. Attest:

HENRY A. WILSON,

REPORT OF SUPERINTENDENT OF SCHOOLS

*To the School Board of Hollis,
Greeting:*

It gives me pleasure to submit herewith my ninth annual report as Superintendent of your schools, and to it I have attached reports from your school nurse, and your music instructor.

MEMBERSHIP.

The present membership of your schools is as follows: High School, 47; Grades VIII and VII, 36; VI and V, 32; IV and III, 31; II and I, 24; Pine Hill, 18. Total, 188.

This membership is larger by eleven than the average membership of your schools in any of the past nine years. As the increased registration is in the High School and the upper grades, there is liable to be a drop again in your membership for a few years, though it will probably remain above what it was in 1920 and 1921, when the figures were 145 and 149, respectively.

TEACHERS.

You have in your employ this year 8 teachers instead of the 7 of immediately preceding years. The larger number of pupils in your high and junior high schools made it decidedly desirable to increase your staff. Of the 8 teachers now employed, four are under contract for the first time in Hollis, and two are teaching for the first time. Miss Smith succeeds Miss Newton, who had completed twenty years of service in this town. Mrs. Bell is substituting for Miss Read, who has served you for over thirty-six years. Miss Rideout fills the position vacated by Miss Sefton. The new position

was first filled by Miss Helen J. Coe of N. H. U. and upon her resignation Mr. J. Roy Killkelly, also a N. H. U. graduate, was engaged. Professor Priske is with us again this year and is getting the customary excellent results.

A 50% yearly change in your teaching staff should be avoided whenever possible. Each year of service should add to the usefulness of your employees. However, I feel that the instruction in some of your schools is excellent, and satisfactory in the rest.

REPORT CARDS.

I wish to call the attention of the parents once more to the report cards. The sole purpose of these cards is to notify the parent of the teacher's estimate of the progress, which registers in actual achievement, being made by the pupil from period to period. In order that the marks may carry a real message to the parent, the five-point scale, which has been found by administrators of school systems to be the most indicative and convenient, has been adopted. In this system A and B practically denote the work of the first third of the average class, C the middle third, D and F that of the lowest third. A denotes the work of the exceptional child and F that of the one who will probably have to repeat. All this is indicated on the cards, yet complaints are frequent, too frequent, from parents who are grieved because their children, whom they rate as only average students, do not have a majority of A's and B's on their cards. Our teachers are instructed and warned that they must tell the truth on these cards, and the truth will invariably bring complaints just as long as nature endows the parent with prejudice for her own. I am pleased to report that it is my conviction that our teachers are scrupulously carefully in this matter.

REPORT OF SUPERVISOR OF MUSIC.

Members of the School Board, School District of Hollis, N. H.

DEAR SIRS AND MADAM—A report from the Music Department of your schools is no longer an attempt to explain an experiment. As a department it has passed through that stage and now takes its place among the regular fleet that sails across the harbor for inspection.

At last, we have new music books for the children in the Grades. These books are very satisfactory. The material is enjoyed by the pupils and appreciated by the regular teachers.

The work in the High School follows the usual plan: A study of the best compositions obtainable, that are carefully edited and progressively selected to meet the requirements of increased ability and assurance in the student-body.

The performance of this year's operetta was very successful. The young people enjoyed the experience of making their musical ability contribute to their legitimate pleasures, which they shared with an older generation on the other side of the footlights. The character parts and the chorus were above the average, and, it is most gratifying to report that, it was all Hollis.

Financially, it was self liquidating. I believe you were reimbursed for the amount you paid for the books. It might be reasonable to expect you to stand that expense if necessary, but we are glad that, in this case, we were able to relieve you of this obligation.

In learning the operetta, the students were brought into contact with valuable discipline; their memory factors were developed. History and geography were given a new stimulus and a direct example of the benefits of controlled co-operation was afforded.

A committee from the Nashaway Woman's Club asked for a repeat performance of the operetta in Nashua, but they were woefully ignorant of the necessary requirements, and, not seeing any necessity for such lavish charity to Nashua, I withdrew my favorable consideration of their planless request.

The assistance of the Hollis Woman's Club was of a very helpful nature. They asked if they could help. We took them at their word, and gave them work to do, which they did unselfishly. We are grateful.

In times of prosperity, the world forgets God; and takes its music for granted, like a hog at a full trough; man, unthinkingly ungrateful, is absorbing more benefits of both than an over-full stomach allows him to realize, but when adversity comes, God is in high favor again and music becomes the great common comfort of mankind.

I believe that Hollis will make good use of our music efforts in the prosperities and adversities of the future, for I suppose civilization will continue in its habit of being about half and half in the future as it has been in the past.

It is within the limits of the school period of a child's life that sensible music habits can be formed to the best educational and economic advantage.

With sincerest gratitude for the co-operation it is my good fortune to find in all my work, from my associates and the School Board, I humbly submit this report.

JOHN M. PRISKE, B. A., A. M.,
Extern Director of Music.

REPORT OF STATE NURSE.

The following is a report of the work done the past year under the direction of the State Board of Health division, Maternity, Infancy and Child Hygiene, with the co-operation of the Woman's Club and the people of the town.

At the Child Health Conference:

- 47 Children were examined.
- 28 Children found with defects.
- 56 Defects found.
- 14 Children have had their corrections made or have been placed under physician's care.
- 39 Children received toxin anti toxin for diphtheria.
- 64 Children were given the Schick test to see if they were immune to diphtheria.
